

A nighttime photograph of a city street with historic European-style buildings, streetlights, and parked cars. A semi-transparent yellow box is overlaid on the upper half of the image, containing text.

The European Energy Efficiency Fund S. A., SICAV-SIF was initiated by the European Commission in co-operation with the European Investment Bank. The initial capital provided by the European Commission (€125.0 m) was increased by contributions from sponsors European Investment Bank (€75.0 m) and Cassa Depositi e Prestiti (€59.9 m) as well as the Fund's Investment Manager, Deutsche Bank (€5.0 m).

The eeef then started its fundraising activities, aiming to ensure constant investor commitments from the private and public sectors and to grow the Fund sustainably.
